Amber’s ENL Curriculum

Our Freestanding English as a new language (ENL) programs provide instruction in English. Students in freestanding ENL programs can come from many different language backgrounds, and English may be the only common language among the students.

At Amber we implement the pull-out model: ELLs spend the majority of their day in all-English content instruction class. Then, we group students according to their levels of proficiency from various classes for English-acquisition-focused instruction.
Five Levels of Language Proficiency

• Level 1 - Entering
• Level 2 - Emerging
• Level 3 - Developing
• Level 4 - Expanding
• Level 5 - Commanding
